

INDUSTRIAL VENDING SOLUTIONS SD7

MEET SMART DRAWER 7

The AutoCrib SD7 is the most advanced, secure, and scalable industrial vending solution available today. Engineered to optimize inventory control and streamline operations, the SD7 is built to grow with your business while reducing inventory loss and improving workflow efficiency.

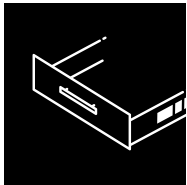

WHY CHOOSE THE AUTOCRIB SD7?

Unmatched Display Experience

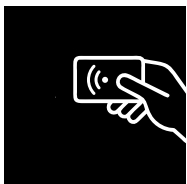

- **19" High-Resolution Touch Display**
The largest screen in its class delivers a stunning, intuitive user experience for maximum ease of use.

Modular, Scalable Design

- **Smart Drawer Configuration**
Customize your setup with modular drawers and adjustable-width dividers.
- 32 width spaces per drawer
- Divider sizes from 4 to 16 spaces
- **Expandable System**
Optional auxiliary units increase capacity by 30%, supporting your growing inventory needs.

Secure, Controlled Access

- Multiple Access Options
- Manual keyboard login
- Barcode scanning
- Proximity cards
- Magnetic-stripe ID cards
- **Single-Drawer Access**
Only the authorized drawer opens, ensuring accurate tracking and minimizing risk of loss.

High-Density Storage

- Incredible space efficiency with customizable drawer layouts to handle a large variety of items within a compact footprint.

Inventory Accuracy and Efficiency

- **Integrated Barcode Scanning**
Simplifies checkouts and returns with precision and speed.
- **Cart Mode**
Issue multiple items at once, increasing productivity and reducing downtime.

KEY BENEFITS

- Secure, single-drawer access prevents inventory shrinkage
- Seamless integration with existing workflows and ID systems
- Designed for growth—modular and expandable
- User-friendly 19" touch interface improves adoption and efficiency
- Configurable storage for nearly any type of item

US TOOL GROUP is proud to offer the AutoCrib SD7 as part of our commitment to improving your operation's performance, accuracy, and control.
