

INTEGRATED SUPPLY

OUR PURPOSE

To provide **WORLD CLASS** Integrated Supply and Tool Management Solutions, **SUPPORTING** metalworking and machining customers, **LEVERAGING** over 60 years of cutting tool reconditioning **EXPERTISE** and providing **EXCEPTIONAL** solutions and cost savings.

INTEGRATED SUPPLY

US Tool has been in the integrated supply/tooling management business since 1998 and we are the largest “pure” Integrated Supplier that focuses on the aerospace and industrial metalworking markets. **US Tool** is currently the Integrated Supplier at nearly 100 customer locations of major aerospace, defense and industrial companies in North America.

US Tool's Integrated Supply programs specialize in the planning, procurement, warehousing, management and point of use delivery of our customer's cutting tools, abrasives, safety/PPE, hand/power tools, machining supplies, production consumables and related MRO products.

These programs typically include onsite staffing and management of tool cribs, automated vending, cutting tool reconditioning, kitting and other value added services. **US Tool** also provides technical product support and detailed program performance reporting.

US Tool's Integrated Supply programs provide a single source solution for our customers to manage their cutting tools, abrasives and other indirect material requirements.

COMMITMENT TO CONTINUOUS IMPROVEMENT/COST SAVINGS

US Tool's Integrated Supply programs are based on a commitment to Continuous Improvement and Cost Savings, including:

- ✔ **Shared Win/Win Philosophy**
Our solutions allow both US Tool and customer to be successful
- ✔ **Ongoing Process Improvement**
We are committed to introducing new ideas
- ✔ **E-commerce Solutions**
Web-Based and Punch-Out E-catalog
- ✔ **Product Based Technical Support**
We make sure our products perform
- ✔ **Customized Performance Metrics**
Via Microsoft Power BI and ValuDocs

WHY US TOOL IS DIFFERENT:

- **Pure Integrated Supplier, Not an Industrial Distributor:** We represent you in the marketplace, not the other way around
- **Privately Held, Family-Owned Company:** We can do what is best for our customers, and not subject to Boards and Shareholders
- **Flexible/Open Solutions:** More innovative, transparent and competitive strategies than traditional distribution
- **Complete Access to the Industrial Marketplace:** More OEM's competing for your business creates more competition
- **Vendor Managed Inventory:** We will own the material until issued to you
- **Competitive Commitment:** We will commit to being the “best value” in a “like for like” environment

Our Programs Focus on Reducing Cost and Improving Productivity

US Tool's Manufacturing Center in Farmington, MO is certified to the latest ISO 9001 standard revision.

PRODUCTION CUTTING TOOL RECONDITIONING

US Tool is the largest cutting tool reconditioner in North America. We are a supplier of reconditioned cutting tools to major aerospace companies in the U.S., Mexico and Canada. At our Manufacturing Center in Missouri, we employ over 400 tool-reconditioning professionals who process over 500,000 dull cutting tools each week.

US Tool reconditions HSS, cobalt and carbide cutting tools, utilizing Walter, ANCA and other CNC equipment, as well as customized grinding machines designed and built or modified by **US Tool**.

Over 90% of the cutting tools **US Tool** reconditions are considered specials as they are built to a customer print. **US Tool** maintains an impressive intranet print management system, assuring that **US Tool** complies with our customers specific tool reconditioning requirements.

US Tool guarantees our reconditioned tools will perform as good as or better than new tools.

AUTOCRIB AUTOMATED VENDING

US Tool is a perennial “Premier” Distributor of AutoCrib tool crib management software and industrial vending systems and is the largest AutoCrib solutions provider in the industrial market. AutoCrib offers a variety of dispensing machines and lockers in different configurations to meet a wide range of customer requirements.

US Tool supports the AutoCrib software and industrial vending systems with our own staff of highly trained software programmers and hardware support personnel, resulting in our unique ability to provide a complete turnkey solution for AutoCrib systems.
